Mr. Craig Hannah, President
CUPE Local 1975
McLean Hall

"Sent via email"

Dear Craig:

On behalf of the Administrative and Supervisory Personnel Association (ASPAs), let me express to you our support during your negotiations.

ASPAs has a number of our members enrolled in the same pension plan that you and your members are working hard at protecting. We know that CUPE 1975 will make the best decision for its members with respect to the pension and in doing so for some of our members as well.

CUPE 1975 and its members have served a very strong message to the Employer that your concerns are not to be taken lightly. We understand, applaud and support you in your action to seek and successfully achieve a strike mandate and should that escalate to the need to take job action ASPAs will continue to support you in whatever way we can at that time.

Over the next number of weeks, ASPAs will be communicating with its members the ways in which we can show support to our CUPE 1975 brothers and sisters, in particular should your mediation not be successful and job action is taken.

We wish you luck and good success during this phase of the bargaining process.

In Solidarity,

Joanie Crandall

Joanie Crandall
ASPAs President
